At Abernethy Center, we have mastered the art of the event, along with all the service and details that go into making it a success. Take the tour and discover what makes Abernethy Center Oregon's premier wedding and reception location.

Abigail's Garden

As you exchange vows in Abigail's Garden you will be surrounded by beautifully manicured garden lawns, weeping willows, and the gentle sounds of Abernethy Creek. Follow the path up the hillside where your reception awaits under a classic white tent that gleams by day and glows by night.

Veiled Garden/Ballroom

This garden provides an intimate & tranquil setting for your ceremony. The natural forest is complimented by a cobblestone pathway leading you past beautiful photo locations, including a waterfall, as you enter the ceremony where your love awaits you. Designed with a neutral color palette and completed with all of the essential conveniences, The Ballroom is both a beautiful and highly adaptable space for your reception.

Abernethy Chapel

While maintaining the classic charm of an iconic wedding chapel; Abernethy Chapel will also stay true to the feel of the modern Northwest with its exposed wooden beams, state of the art A/V and 65 foot bell tower housing a real working bell. Opening in March of 2012, Abernethy Chapel will be the newest spot to say "I do!"
