About The Adrianna Hill Grand Ballroom

The Adrianna Hill Grand Ballroom is an elegant grand ballroom with beautiful restored hardwood floors, suspended u-shaped balcony, 55 foot-long stage backed by a high cathedral-style wall, large ornate brass chandeliers and a 35 foot high beamed and vaulted ceiling.

Built in 1901 and located in the Historic Pythian Building, this storybook setting with distinctive architecture has been completely refurbished. Elaborate Old World designs along the sculpted balcony are highlighted by white lights and tulle. Large gold framed mirrors, elegant artwork, antique foyer furniture, statuary and specialty lighting further enhance this unique setting.

We are proud to provide you with a treasured and unforgettable wedding day!
