About An Affair To Remember

As the Northwest's premiere event planning and design company, we have been participants in some of the area's most creative and compelling wedding events, whether you prefer an intimate, graceful cocktail party or an elegant outdoor tented affair with chandeliers and silk chiffon draping. From exquisite cathedral ceremonies to formal, black-tie hotel ballroom receptions, we make your ideas, dreams and visions a reality. We are not merely wedding consultants – but wedding designers! Creating and designing your fantasy wedding is our mission.

Producing a Truly Memorable Event

In the same studio we later design your wedding day, from the rehearsal to the reception send-off. Together we create your invitation and announcement package, sample reception menu offerings, conduct cake tastings, listen to local and national musician demo tapes, coordinate floral and fantasy decor, script the ceremony, choose a photography ensemble and so on. We coordinate every detail to produce a truly remarkable event.
