"Thank you for everything! The cards and table numbers were absolutely GORGEOUS - truly chic! A million thanks!"

– Sylvana Soto Ward, bride,
Vogue Magazine Director of Special Events

"When people got their invitation, everyone felt so special and said the calligraphy was tremendous. It really captured the essence of the wedding so perfectly. Alesia has been such a joy to work with, she made me feel so special. She treated me like a friend and had a vested interest in the calligraphy and the success of our wedding."

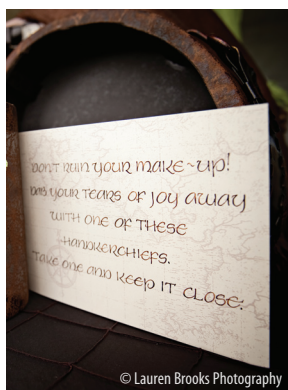

– Amy F., bride

"I know I've told you before but seriously, you are an artist. Thank you so much for being a part of my dream wedding. The envelopes addressed by you really set the tone. You have a gift and you use it for good!"

– Janet W., bride
