Beaverton Florists is dedicated to delivering outstanding service, exceptional value, consistency and professional care in providing top quality products and services for our customers. Our number one goal is to develop life-long relationships with our customers by understanding and delivering exactly what is desired. As a nationally recognized leader in the floral industry since 1993, we appreciate each of our 20 + employees for their excellence in service. But more importantly, we want to thank our great customers for their continued trust in us as their local florist for deliveries in the Portland Metro area and across the country.

No event is too large or too small! We take pride in assisting you every step of the way in creating those important long lasting impressions. We excel in making your next event memorable.

The language of flowers has evolved over the centuries! And now we have taken it to the next level where we can imprint your company logo, special messages or photos right on the flower petals! Your personalized images can also be put on any container, flat surface or food, and delivered locally or nation wide.
