About Black Swan Events

When you dream of your wedding day, what do you see? With our showcase of 17 unique properties, (some unavailable to the general public), Black Swan offers you a vibrant palette of options. Perhaps you envision the classic tradition of a grand ballroom, stately and opulent? Or does your dream reflect the casual elegance of a vineyard, lush in the abundance of harvest? Do your tastes seek adventure, with the wind on your face as you exchange your promise of love from the deck of a Tall Ship?

Our featured venues accommodate 10 to 3000 guests (yes, 3000!) on unique properties, including a 47 acre private estate honored by National Geographic as "one of America's most treasured gardens", two historic ballrooms, a private winery in Vancouver, and two stunning ballrooms in Portland. Romantic classic sailing vessels are also available that harken back to the era of Bogie and Bacall, offering a most intimate setting for a sunset sharing of vows.

You are not a package, nor should your wedding be. We invite you to bring your vision, skills talents and passion to the table. From that we will help you create a celebration your guests will remember for the rest of their lives, and you will not be paying for the rest of yours! Congratulations on love well found!
