

About BridgePort BrewPub

Located in Portland's vibrant Pearl District since 1984, BridgePort BrewPub resides in a hundred and twenty year old brick and timber building, fusing contemporary architecture, modern amenities and historic charm. The BrewPub is a Portland landmark, tourist destination and beer lovers paradise. All foods are handcrafted using local, natural and organic ingredients whenever possible. Known internationally for award-winning ales, BridgePort is the oldest craft brewery in Oregon.

Heritage Room

The Heritage Room is a unique venue with rustic brick walls, large windows, wood floors, fir beams and a private full-service bar. This inviting backdrop may be decorated in style for an upscale affair. The Heritage Room can transform to be the perfect venue for your Rehearsal Dinner, Wedding Ceremony or Reception.

Old Knucklehead Room

The Old Knucklehead Room provides privacy amidst the bustle of our busy pub. It is located next to our main bar for an authentic brewpub experience.
