For Smaller, More Personal Weddings.

All packages include a hi-resolution disc of your images, plus a copyright release to make prints without the expense of ordering through a photographer. You will own the images and may use them any way you wish.

A complete list of packages and prices can be found on my web site. Here's a sample:

Digital: \$750 summer, \$695 off-season:

Five continuous hours of photography time, you receive at least 800 images on a hi-res disc, plus the right to make prints. You also receive fifteen 5x7s and four 8x10s.

Ask About:

- Studio or outdoor engagement portraits with a hi-res disc and copyright release - \$50 with a wedding package, \$125 without
- Print and album orders are not required
- Optional coffee table albums, which you design, start at \$300
- Film can be added to digital packages
- Digital proof albums as low as \$4 per 8x10 page

Important facts about Rob Powell:

I have been a professional photographer since 1975. I have never failed to show up as scheduled for a wedding. I have never ruined or lost anyone's images. I have never sent out a substitute photographer when the bride was expecting me. My wife and I have been happily married since 1980. We believe in the sacredness and permanence of marriage vows. We wish the same joy for you.
