Make it Amazing!

As if somewhere in time... at the edge of the forest, this beautiful country estate is only 40 minutes east of Portland. If you've been wanting an unforgettable outdoor wedding, this may be the setting you've dreamed of. The white Victorian gazebo is the perfect backdrop for a ceremony or a private dinner party. A spring fed trout lake rests at the foot of towering alder and fringed cedars. With seating on a terraced hillside, your guests can view your intimate and private event. In the evening the subdued lights, fountains and candles floating on the water become an enchanting setting for dancing under the stars.
