About Collage:

Collage Music is a talented and enthusiastic team of highly versatile professional musicians dedicated to providing the best live wedding music in the Northwest.

Music:

Modern rock music played by strings? You got it. Elegant and romantic traditional classical? Of course. Spirited swing-era jazz and acoustic contemporary pop covers are a specialty of our flagship group, the Collage Trio.

Working with us:

We'll work with you personally to assist in choosing your musical group, selecting your songs, and arranging the details of the wedding day. As always, we never charge a fee for consultation.

Bravo! Member Since 2003
