Personalize Your Cupcakes

Cupcake Jones offers a seasonal menu, taking advantage of the flavors of the northwest. With dozens of cake recipes and hundreds of combinations of cakes, fillings, icings, and our famous handmade garnishes, you can create cupcakes that reflect your tastes and personalities.

Professional Friendly Service

We cheerfully walk you through the ordering process step-by-step, working with your event planner, reception site, florist, and YOU to create a stress free wedding day. We have wedding packages for every budget. Choose delivery, a personalized cupcake stand, and professional arrangement for the perfect "cupcake cake" of your dreams.

A bakery that shares your values

We use fresh berries from the local farmer's market, only rBST free dairy products, biodegradable non-aerosol cleaners, and 100% recyclable packaging. We donate all of our unsold cupcakes daily to a local service agency for the homeless. We recycle and compost everything we can.

Mention "Bravo" when booking your consultation for a free gift.
