Dosha Accolades

"My bridal party and I all had pedicures the day before my wedding. We really enjoyed the atmosphere at Dosha. We liked that there was a separate space, away from the rest of the salon, where we could have private conversations, be loud and giggle. I loved that we were able to bring wine and snacks and make a fun outing out of it. It made it very convenient for us to all do the pedi's together but then some people could get extra services really easily if they wanted to. Finally, the staff was great. They were super attentive and made sure we had a great time! I would recommend to anyone that wanted to get a group together for a fun, pampered outing that they go to Dosha!!! Thanks so much!!"
