

Fliptography™

Flip•to•gra•phy™: dance, get goofy, play-fight or kiss your sweetie in the Fliptography™ booth for seven seconds. In two minutes, have a 'video' flipbook of your performance in hand—right at your wedding or party!

Fliptography™ is a great way to make an event fun: invite your guests to turn a snippet of the party into a pocket-size take-home memory. Add a message, photos or graphics on the cover to make the coolest favor ever.

Fliptography™ has rapidly expanded to a twenty-person team since their Summer '08 debut, making a splash for both brides and businesses. Since launch, they've traveled as far as New York and Beverly Hills to help their unique clients stand out from the crowd.
