

**Dance like it's the biggest day of your life.  
Which, of course, it is.**

The lights are dimmed, and the emcee beckons you and your spouse to the dance floor. Spotlight shining down on the two of you, it's hard to make out the expectant faces of your family and friends, gathered around. Your pulse quickens. The music starts.

*Will you be ready?*

Of course! That is, if you've taken Fred Astaire Dance Studio's special Wedding Dance Instruction, you will be. Stroll confidently onto the dance floor, having been expertly prepared for this moment by our professional dance instructors. We'll work with you on your song of choice, help compose a routine that suits your tastes and leave you ready to deliver a first dance your guests will be talking about for years.

We offer private classes for bride and groom, moms and dads and even for entire wedding parties. If you have your heart set on a choreographed routine that'll be the hit of YouTube, we can do that, too!
