

## Kitchen Kaboodle

We make your house a home™

**Congratulations to the two of you.** It's an exciting time in your lives. Part of that excitement is the chance to put together, with the help of your family and friends, the home the two of you will share.

**Let us take the stress out.** Whether you know just what you're doing, or need expert guidance, we can make registering easy. Our stores are staffed with experienced, helpful people, who know the products inside and out and who can make sure your registry works both for you and for your guests.

**Easy for your guests.** Your registry is updated daily and is available for your guests in our stores and 24/7 at [kitchenkaboodle.com](http://kitchenkaboodle.com). If you choose, we can hold your gifts for pickup to save your guests shipping costs. And you get a 10% discount after your wedding on items remaining on your registry.

**You'll find what you want.** Whether it's the finest brand names, or distinctive styles you'll find nowhere else, you know Kaboodle has the good things you'll want for your home. And since we're locally-owned, it's all carefully selected here in Portland for our Northwest lifestyle.
