Crystal Hotel & Ballroom

The Crystal Hotel & Ballroom is an elegant, convenient site for your special celebration. Guests can stay overnight at the hotel and stroll up the street to the ballroom for the big event. The ballroom's vaulted ceilings, full-length windows, Venetian chandeliers, "floating" dance floor and colorful murals leave a lovely impression. Lola's Room, named for Portland's first policewoman, is a more intimate setting for groups up to 125 people with a full stage and a newer model of the "floating" dance floor. Our on-site catering offers a variety of menus from which to choose, from prime rib to herb-crusted halibut and more. After your event, your guests can convene in Ringlers Pub downstairs or at Al's Den in the Crystal Hotel a short stroll down the street.

What's New?

Opened in early 2011, the Crystal Hotel offers 51 guestrooms, a restaurant, soaking pool and more. Artwork and photography throughout the rooms and public spaces is inspired by musicians who have played the Crystal Ballroom. See mcmenamins.com for updates.
