The Premier Mobile Entertainment Provider in the Northwest Since 1991!

Wedding reception entertainment has been a specialty of Media Jockeys DJ service for more than 15 years. Our DJs are experienced in playing music that reflects your musical tastes, making the appropriate announcements and helping to keep your event running smoothly. Our formally dressed DJs bring great equipment, a huge music library, and work hard to ensure you and your guests enjoy your special day.

Media Jockeys now offers discounted wedding ceremony services to its bridal customers. Book one of our DJs for your reception and you can order a second sound system for your ceremony at a significant cost savings, even if your ceremony is not at the same location as your reception. As part of this service, we will provide setup and operation of the sound system, allow you full control over the musical program, and provide you with quality microphone amplification so the ceremony can be heard clearly, even in the last aisle.

The Media Jockeys DJ service has a music library difficult for other DJ companies to match, in terms of size and variety. Covering all styles from classical to country, swing to salsa, rock to reggae, hip hop to house, soul to standards, pop to polka and contemporary dance to disco, our giant library is getting bigger all the time. We add music weekly and are very happy to take your requests and add those to our library as well. If you don't find your special music on the list, tell us in advance so that we can have it for your event. Our goal is to have every song that you or your guests want to hear.
