## Enchanting Country Setting With Spectacular Mountain Views

Mt. Hood Bed & Breakfast, LLC has everything you need for your wedding and reception. Situated on the north shoulder of Mt. Hood, the facility offers spectacular panoramic views.

Let your mind rest easy. Our professional staff can take care of your every need. We can move indoors if the weather is inclement.

Our grounds are completely private. This means only your guests and people working on your wedding are allowed on-site during your event.

We care about you. Yes, we have done hundreds of weddings but our goal is for you to be our "only client" when we work with you for your wedding and reception.

So please call us and tell us your wants and desires. Let us make your wedding day the way you have always dreamed it should be.
