About Bob Renggli, M.A.

Helping couples create a warm and memorable wedding celebration has been a great joy of my priesthood for over 30 years. Couples of all denominations are welcome. Generally two planning sessions and email correspondence is sufficient to assist couples in designing their perfect wedding ceremony. Today, many couples are eager to have their life moments captured in a way that truly celebrates their unique love story.

"We thoroughly enjoyed your wit, wisdom and caring advice that you shared with us. We can't thank you enough for sharing this day with us."
