About Ruby's Spa

You and your friends and family will enjoy a relaxing day at Ruby's Spa, located in the Historic Grand Lodge. It's the perfect spot for a girls' weekend or wine-tasting adventure. Arrange for a luxurious massage to ease away any worries or revel in a heated foot bath with friends while you enjoy a bottle of wine. Let the calming atmosphere inspire you during your treatment before heading outdoors to the soaking pool, bubbling with saltwater. Afterwards, gather with friends and family in either of the hotel's restaurants for a meal or perhaps for cocktails in one of the small bars. Guestrooms are also available; see mcmenamins.com for reservations, photos and more.
