video production services

If a picture is worth a thousand words, the video is worth a million.

With over a decade of experience in all aspects of video production, we strive to reflect the unique and personal style of each of our clients. We are professional and unobstructive.

Using all the latest digital equipment (discreet wireless microphones, three chip HD digital cameras and state of the art non-linear digital editing), we preserve your memories forever. Your favorite music is used as the soundtrack for the video.

All packages include 2 camera ceremony coverage, editing services and three DVD copies. Custom packages can be created to meet your special needs.

Available for destination weddings.

\$200 deposit is required to hold the date.

Visa and MasterCard accepted.
