About The Surfsand Resort

Located just steps away from the Pacific Ocean shores of Cannon Beach, Oregon, the Surfsand Resort is a premier Northwest destination resort featuring spectacular views, unparalleled luxury and world-class amenities.

Rooms and suites, which feature breathtaking views of world famous Haystack Rock and Tillamook Lighthouse, offer the ultimate in comfort. Decorated in subtle earth tones inspired by the grandeur of the Pacific Ocean and nearby coastal forests, each room is carefully designed to enhance each guest's beach experience.

Indulge in the luxury of natural finishes and fine furnishings, including gas fireplaces, flat screen televisions with DVD players, iHome audio systems and wet bars in every room. Special touches include Tempur-Pedic mattresses, custom lighting, tile and wood work. Some rooms feature elegant ocean view jetted tubs, separated from the main room by a sliding shoji screen.

The resort provides stunning views of the rugged coastline for storm watching or enjoying the sunset. Our goal is to make the Surfsand Resort your beachfront home-away-from-home.
