Terrace at Thunder Island

Imagine your wedding in a magical place where the sun-dappled Columbia River meets the verdant beauty of evergreen trees. The Terrace at Thunder Island provides such a setting. The venue accommodates up to 200 people, giving your guests a comfortable area to witness the most important day of your life.

Located at Marine Park in Cascade Locks, the Terrace at Thunder Island offers stunning views of the Columbia River. A short walk across a pedestrian bridge takes you from Marine Park to the island. No boat ride required!

Gorge Pavilion

Indoor wedding or reception venues should combine comfort and elegance, practicality and inspiration. The Gorge Pavilion, located right on the Columbia River, is one of the few that does. Completely enclosed and temperature-controlled, with ambient lighting sconces and a stylish tongue-and-groove wood ceiling, the Gorge Pavilion is ideal for ceremonies and receptions.

Open year-round, the Gorge Pavilion easily accommodates up to 200 people for a wedding ceremony and a reception party of 300. Like the Terrace at Thunder Island, the Gorge Pavilion is located at Marine Park in Cascade Locks (40 miles east of Portland).
