

Neo-Classical Elegance

The beautiful historic Treasury Ballroom is located conveniently downtown near some of Portland's finest hotels. A grand staircase descends into the ballroom, which features neo-classical architecture, arches, and floors and columns of Italian marble. The turn-of-the-century bar, restoration light fixtures, stained glass, steel vault door and rich velvet curtains complete the extraordinary and unique atmosphere.

With a seating capacity of 225, The Treasury is ideal for wedding receptions, engagement parties, or large rehearsal dinners.

Bridal Lounge

Our spacious Bridal Lounge allows the bride to prepare for the big day in comfort. And our magnificent Boardroom, designed by renowned architect Pietro Belluschi, features elegant woodwork and backlit stained glass windows and grand marble fireplace – providing a stately locale for the groom and his friends to relax while the bridal party gets ready.
