WALTERS CULTURAL ARTS CENTER

Historic Downtown Hillsboro's Premier Wedding Venue
Classic Elegance & Romance in Wine Country

The Walters Cultural Arts Center, the flagship of Hillsboro's arts community, has become one of the west side's favorite and most beautiful sites for indoor and outdoor wedding ceremonies and receptions. A pristine renovation of a 1940's building, the space has unique architecture – large windows, stained glass, red stone walls, hardwood floors and custom woodwork ceiling arches. The event space has a variety of options that are as affordable as they are capable of hosting creative events for up to 200 guests. The facility is beautifully landscaped and filled with an eclectic and ever-changing display of artwork throughout. Bride, groom and wedding party rooms are available on site as well as a full kitchen.

The East Lawn, Terrace and Theater can be used together to create multi-space events, with wedding ceremony and reception all under one roof – cocktails and hors d'oeuvres on the Terrace, then to dinner and dancing in the Theater. State-of-the-art lighting, sound and a 10 foot retractable screen contribute to the experience.
