

The Wedding Officiant

About The Wedding Officiant

The words that you recite at your wedding ceremony will be treasured long after the DJ has stopped playing music and the cake has been eaten. In the end the vows you recite to one another will be the most intimate and authentic part of your wedding celebration. I have the education and experience to help you create a ceremony that will resonate with you and your spouse throughout your marriage. Congratulations on your engagement. I can't wait to meet you and start planning your ceremony.

Together, we will create a personalized ceremony that will capture your love story.
