About World Forestry Center

You will remember your wedding day for the rest of your life and we want to help make it absolutely perfect. We offer a natural and relaxed setting with all the modern amenities, and our extensive preferred caterers list gives you the opportunity to choose from some of the finest establishments in town for your banquet needs.

Whether you choose Miller Hall or Cheatham Hall, the natural wood tones and large open ceilings create an elegant and comfortable atmosphere for you and your guests. Our 10,000 square foot Plaza, when combined with Cheatham Hall, offers both a large tented outdoor space and adjoining indoor space creating a perfect venue for your special day.

Located only 10 minutes from downtown and right off the Washington Park MAX line, the World Forestry Center is conveniently located for both in-town and out-of-town guests.
